Dear Parents,

## WELCOME BACK!

We are so excited for school to start at Water Canyon High School for the 2021-22 school year. We have a lot of amazing changes this year and with that comes some new opportunities and experiences for your children. The teachers and staff here at WCHS are really looking forward to seeing your children's bright smiling faces back for another school year.

The first day of school is Thursday, August 12th and we will be running a different schedule for classes that day. To start the day, we will be breaking the students into grade levels and going through some of the new things at the school as well as getting them some information on how to be as successful as possible and how to get help when needed, as well as touring some of the new facilities that are opening this year. Then your children will have the opportunity to visit all eight of their classes and meet their teachers that day.

Our goal here at Water Canyon High School is for every student to feel heard, seen, and cared for. As a staff, we have put a lot of effort into helping each and every student here succeed and we will continue to do so. As a parent, you can help support us here at the school by making sure your child is attending school on-time each day, coming with a willingness to try to improve each day, and with a goal to be connected to the school in some way other than just during regular school hours (through clubs, sports, executive council, etc.). In addition to these things, if you would be an active part of their educational experience by asking them about school, making sure they get any homework completed and assisting them when needed, as well as promoting them using their years here at WCHS to help find a career path that we can help them achieve.

I am truly honored to be the principal of Water Canyon High School and I want to personally thank you for your help in making this school as successful as it is. We will continue to grow and improve to give your children as many opportunities as possible to help them on a path to becoming an outstanding example for this community. Thank you again for all you do for our students!

Let's have another great year here at Water Canyon High School. Go Wildcats!

Steve Showalter

Principal  
Water Canyon High School
